separate insurances, when the buildings or
property are so situated as to render the same
equivalent to a single risk.

Art. 6. Each person or Company shall
pay to the Secretary for each Policy as fol-
lows: for Five Hundred Dollars or less in-
sured, fifty cents, for all over 500 one Dol-
lar.

Art. 7. No policy shall be issued to an
agent or attorney, until such agent or attor-
ney's power be lodged with the Secretary.

Art. 8. Not more than two thirds of the
whole value of any building, nor more than
one half the value of personal property shall
be insured in this Company.

Art. 9. Ten per cent of the deposit notes
shall be paid, and endorsed thereon at the
time of receiving the policy for four years,
five per cent for two years and two and one
half per cent for one year.

Art. 10. In cases where no permanent
lien can be created, on merchandise or other
personal property the Directors may require
a surety on the deposit note.

Art. 11. The Secretary shall keep a rec-
ord of the Directors transactions and open
to the inspection of all the members of the
Company, during office hours, and at each
annual meeting report the number of Policies
and amount at risk.

Also the Treasurer shall at each annual
meeting report a correct statement of all their
funds.

Art. 12. In case of loss, the insured shall,
within 30 days deliver to the Secretary of
the Company, as particular a statement of
his loss or damage as the nature of the case
will admit, stating also whether there was
any other insurance on the same property,
and if so to what amount, and make oath or
affirmation of the same before a Justice of the
Peace; and no part of such loss shall be
payable until this condition shall have been
complied with. And if there shall appear
any fraud in the claim made for such loss,
the claimant shall forfeit all benefit under his
Policy except what the Directors may see
fit to allow.

Art. 13. Notices of Assessments shall be
given by the Treasurer in such manner as the
Directors deem expedient thirty days before
the time fixed for payment.

Art. 14. The Company reserve the right
of cancelling any Policy whenever a majori-
ty of the Directors shall deem there is suffi-
cient cause therefor; and in such case the
Policy shall be void at and from the time
when written notice therefor signed by the
Secretary, shall be given to the insured; and
the insured shall be entitled to receive back
the amount, if any due him, on equitable
principles, in the same manner as if the Pol-
icy had been made for that length of time.

Thus the torch of an incendiary has nearly
destroyed the largest and best collection of
the works of Art in the United States—and
which has been the labor of near forty years
in collecting. The loss is irreparable, and
will be felt by a large number of artists and
amateurs of painting and sculpture.

The above is condensed from the Philadel-
phia North American.

Disappointments. The Alton Telegraph
says: "Out of twenty two prominent lead-
ers of the Democratic party in Illinois, that
visited Washington, to witness the inaugura-
tion of Mr. Polk, but more particularly to se-
cure appointments for themselves, not one
of them succeeded. All the prominent offi-
ces filled in, or given to, residents of Illinois,
were made from among those who remained
at home."

[This is a very good act in Capt. Polk—to
appoint none to office but those that remain
peaceably at home and mind their own busi-
ness—there is too much office seeking, and
too much traveling to Washington for the
mere sake of office—and too many honors con-
ferred on unworthy aspirants.]

Parson Miller and J. V. Hines of the
"Signs of the Times" newspaper, were here
on Sunday, and preached to the Second Ad-
ventists at Beethoven Hall. They stated,
we understand, that they were, and always
had been, opposed to the principles of "doing
no work in order to give more attention to
the concerns of religion"—that the man that
will not work should not be allowed to eat
and the Parson related several instances
wherein at his own table, he had enforced
this latter principle, with his no-work visitors.
He stated that he had been accused of many
principles and practices of which he was not
guilty—and that he was opposed to fanati-
cism in every shape.—[Port. Adv.]

MORMON TRIALS. The St. Louis Repub-
lican of the 2d inst. speaking of the trials go-
ing on at Carthage, Illinois, says: "We are
informed that the jury in the case of the in-
dictments for the murder of Joe Smith, the
Mormon prophet, after an absence of about
thirty minutes, returned a verdict of not guilty.
The indictments for the murder of Eli-
ram Smith will be tried at a special term,
which will be held after the circuit is gone
through with."

LIGHTNING.—We learn from Capt. Clift,
of the steam ship Florida, arrived this morn-
ing in nine days from Apalachicola, that Key
West was visited by a terrible thunder storm
on the morning of the 5th inst. The Gov-
ernment schooner Hunt, was struck by the
